Re: Eagle Builders Recommendation

To Whom It May Concern:

My name is John Fowler and I was the Project Manager for both Mission San Miguel and Mission San Luis Obispo. I am writing today to offer a strong letter of recommendation for Eagle Builder and it owner, Tim Gohr personally.

I have had the pleasure of working with Tim for the last nine years on both of the above Missions, and have recommended him and his firm to other California Missions(he is currently working on the Oceanside Mission partly because of that). Tim's expertise is second to none in my opinion and no matter the difficulty or uncertainties discovered during construction his ability to work with a team of Architects and Engineers (while adding his own added value) to keep a project on time and on budget makes him always my first choice in builders.

All my jobs have had to be competitively bid, and in some cases involved prevailing wage requirements. Eagle Builders has consistently been among the lowest bidders and with his tract record of completing a project ahead of schedule, I have chosen Tim and his firm in all cases.

I am available and please feel free to contact me directly regarding this recommendation or any further questions you may have of Eagle Builders. I am sure as you speak with past Project Mangers Tim has worked with they will uniformly share the same glowing attributes and talents, as I have, as will any of the top Historic Engineers or Architects Tim has worked with, he simply is that good.

Good Luck,

A handwritten signature in black ink, appearing to read 'John Fowler', with a long horizontal flourish extending to the right.

John Fowler, Project Manager
Mission San Miguel
Mission San Luis Obispo
